THE Colony of Queensland comprises the north-eastern portion of the Continent of Australia—its northern extremity is Cape York, and its southern (on the coast) Point Danger. The one hundred and thirty-eighth of longitude is its boundary on the west.

The area of the Colony is 669,520 square miles, and its seaboard extends 2,250 miles.

The Colony is divided into forty-two Electorates, twenty-nine Districts each returning one member, and thirteen Districts each returning two members. It has eighteen municipalities, three municipal boroughs, and about one hundred and eighteen small towns or townships. There are also Road Boards and Shire Councils charged with the construction and maintenance of public highways and other necessary public works within their divisions.

From the returns of the Census of 1876, it appears that, out of the entire population, 70,906 are Australian born (of whom 58,773 were born in the Colony); 36,203 were born in England and Wales, 24,883 in Ireland, 9,374 in Scotland, and 9,889 in Germany.

There were only 864 persons returned as suffering from sickness and accident, being at the low rate of 5 in every 1,000 persons.

The following are the rates of increase during the intervals between each Census :—

1861—1864	...	2·71 years	...	104·48 per cent.
1864—1868	...	4·17 ,,	...	62·53 ,,
1868—1871	...	3·50 ,,	...	20·22 ,,
1871—1876	...	4·66 ,,	...	44·28 ,,

The following information as to the Population of the Colony, is obtained from the results of Census taken on the night of the 1st May, 1876 :—

a Excess of departures over arrivals. * *Vide* Statistics, 1871, page 143. † The quantity of land annually sold by auction since 1866 bears but a small proportion to the area in process of alienation, as Acts of Parliament were passed in 1866, 1868, and 1876, allowing the payments for lands selected to extend over a period of ten years. § For year ended 30th June.

‖ Corrected figures.—*Vide* Statistics, 1878, page 62. ‡ By "*The Audit Act of* 1874," 38 Victoria, No. 12, it is enacted that the Financial Year shall commence on the 1st of July, and end on the 30th June next following. This Act came into operation on the 1st of January, 1875, in consequence of which these figures are only for the Half-Year ended 30th June.

NOTE.—The above Table shows only the quantity and value of the Timber exported as entered at the Customs, but there is reason to believe that the figures are considerably under the truth, as there have been large shipments, especially of cedar, to the Southern Colonies, which have not been reported.

* Previous to the year 1878, the Customs returns only show the Number and Value of Cedar Logs exported, while in the returns for that year and the years 1879 and 1880 the quantity is stated in superficial feet.

TOTAL ...	1	100	193	32,587 13 3	4,967 12 4	10	Nil.

NOTE.—The amount actually realised bears but a small proportion to the amount sought to be recovered; but it must be borne in mind that in many cases the defendant, on a levy being made, becomes Insolvent, and any property seized passes to the Official Trustee for the benefit of the Creditors, and consequently no sale by the Sheriff takes place. Many also of these writs of *fieri facias* were for large amounts, the suitors holding mortgages over and being in possession of the property seized, and were merely lodged for the purpose of obtaining the Sheriff's title for the conveyance of the interest—the purchase money being nominal.

THE Colony of Queensland comprises the north-eastern portion of the Continent of Australia—its northern extremity is Cape York, and its southern (on the coast) Point Danger. The one hundred and thirty-eighth of longitude is its boundary on the west.

The area of the Colony is 668,224 square miles, and its seaboard extends 2,250 miles.

The Colony is divided into forty-two Electorates, twenty-nine Districts each returning one member, and thirteen Districts each returning two members. It has eighteen municipalities, four municipal boroughs, and about one hundred and eighty small towns or townships. There are also Road Boards and Shire Councils charged with the construction and maintenance of public highways and other necessary public works within their divisions.

From the returns of the Census of 1881, it appears that, out of the entire population, 100,901 are Australian born (of whom 86,236 were born in the Colony); 37,390 were born in England and Wales, 28,295 in Ireland, 9,929 in Scotland, and 11,638 in Germany.

There were only 1,014 persons returned as suffering from sickness and accident, being at the low rate of 4·75 in every 1,000 persons.

The following are the rates of increase during the intervals between each Census:—
